**PRESIDENT'S REPORT**

To begin with I would like to thank you, the members, for making 1994 a success. For without your participation we do not exist.

1994 was not a good season, with yet more destruction of habitat. It is sad that the *Diuris* sp. nov. (aff. *picta* Three Springs) Bunny Road site was degraded to the extent that it could not be saved, but on a more positive note, thanks to Charles Straun, the Shire gardener at Three Springs, a new site has been listed.

My thanks go to the Committee for their support during the year, and a special thanks to the Committee members on the Constitution sub-committee for time and effort in preparing the new Construction. This it is hoped will clear up the confusion.

Thanks also to our Secretary for keeping the paperwork in order, and I look forward to a new season, and wish the incoming Committee much success.

*John Eaton*

**1995 FIELD TRIP PROGRAM**

This year I need your help again in selecting areas to visit on field trips. What I need from you is, do you have a particular orchid that you would like to see. If you do please let me know at the meetings or by mail. The orchids that receive the most responses will determine where we shall go during the year. If you, the members tell me what you would like to see then you will benefit from the information you give. Also if you have a particular site that you feel is worthy of a trip, please let me know. This way we don't repeat trips that we have been on before.

*Caladenia flava* is definitely off the list !!!!

*John Arends*

**FIELD TRIP REPORTS**

Please don't forget to send in reports of all your orchid hunting field trips. We want to hear all about the trips that group members are making, not just the official field trips. The reports are a very useful tool for other members to use to plan

future field trips and for you to report on your discoveries.

Field Trip reports don't have to be long and witty, so don't feel daunted. A brief description of locations visited and orchids found is all that you need to supply. Of course, long entertaining stories will also be reproduced.

### WORD SCRAMBLE .. A BIT MORE FUN

Once again we have presented a scrambled list of orchid names. How did you go last month?. To assist those of us with failing eyesight, I have made the letters a bit larger this time (This also helps to fill up a bit more space!).
